NB: The scaled drawing of such structure and costings may need not less than 150,000/- shilling.

⇒ BACK SIDE VIEW.

NB: > The Floor Plan For the Desired Structure Building For: > KITCHEN

> SANITARY CONVENIENCE (WC) TOILETS.
> COMPUTER ROOM.

"Eckard I think this is what you thought of"

But unfortunately the designers of the drawing presented made mistakes and made separate blocks and without kitchen.

> If this design pleases you and seemingly accepted advice soonest possible for scale drawing and Inclusions of other structural details like walls roof, solar power ~~etc~~ costings etc

> I have taken this measure because the previous attached drawing and costs doubtfull I am afraid may not have sustainable undertaking by donor agents as two separate buildings and exceeding costs.

> Please acknowledge receipt and advice for action or see if it could be done here in Germany - the better - P. Mshana.
